## RESUMEE

As a recent Computer Science graduate, I possess a strong passion for technology and problem-solving skills that make me an excellent candidate for a challenging and dynamic role. During my studies, I gained experience in various programming languages, including Java, Python, and C++, and worked on group projects that honed my teamwork and communication skills. Additionally, my experience as an Erasmus+ exchange student in Norway allowed me to develop cultural awareness and adaptability. My Bachelor's final thesis project involved utilizing my skills and knowledge to contribute to projects that can make a positive impact. I am eager to begin my career and bring my knowledge and enthusiasm to a company that values innovation, collaboration, and growth.

## HARD SKILLS

### Languages:

- Native Spanish
- Professional English

### Programming Languages:

- Advance: C, Python, SQL, Java.
- Intermediate: R, VHDL, Puppet, VBA.

### Programs:

- Intermediate: Microsoft Office, Filmora9, Arduino.
- Beginner: Audacity, Gimp, Photoshop.

## SOFT SKILLS

- Flexible and Adaptable
- Responsible
- Innovation
- Communication
- Creative
- Passionate
- Motivated

## WORK HISTORY

### • NOV 2022 - FEB 2023

Madrid, Spain

### INTERNSHIP - MANAGMENT SOLUTIONS

As a New Technologies consultant with BBVA, I collaborated with a team of professionals to enhance the bank's fraud detection system. My key responsibilities included creating a secure and efficient connection to an API. Through this internship, I gained hands-on experience in cloud technology and effective collaboration with team members from different backgrounds. Accomplishments included successfully improving the efficiency and accuracy of the system, contributing to the project's overall success, and gaining valuable insights.
